WELCOME

To the latest edition of PlastX Labs product catalogue.

Introduction:

PlastX Labs Pvt Ltd. are manufacturers of high grade plastic laboratory consumables and disposables. With the rich experience and expertise of our management in plastic and Laboratoryware, we started manufacturing of plastic labware in 2005. Our facility is located in greater Noida which is 45 minutes from New Delhi, India. Spread at a vast area of 40000 sq. ft., we have a clean-room facility and an in house mold development and repairing facility.

Very recently, we started a fully automatic manufacturing of reagent bottles for lab chemicals and diagnostic reagents. We also have an in house facility of ETO sterilization.

We have a distributor network of 75 dealers all over India and abroad. With the help of exporter clientele, we are able to reach to the end users of almost 25 countries. We thank our associated distributors and exporters for their endless support and confidence in us.
